ASL CELEBRATES NATIONAL LIBRARY WEEK 2004 DAY 4: "Precedent"

The puzzle below is an acrostic. Start with answering the crossword puzzle-like clues. Then, move those letters into the corresponding squares in the puzzle grid, which, when finished, will spell a quotation reading from left to right (it relates to the title of this puzzle). Black squares are the only word separators (words may break across lines). The initial letters of each word in the word list will spell the author's name and the source of the quotation.
