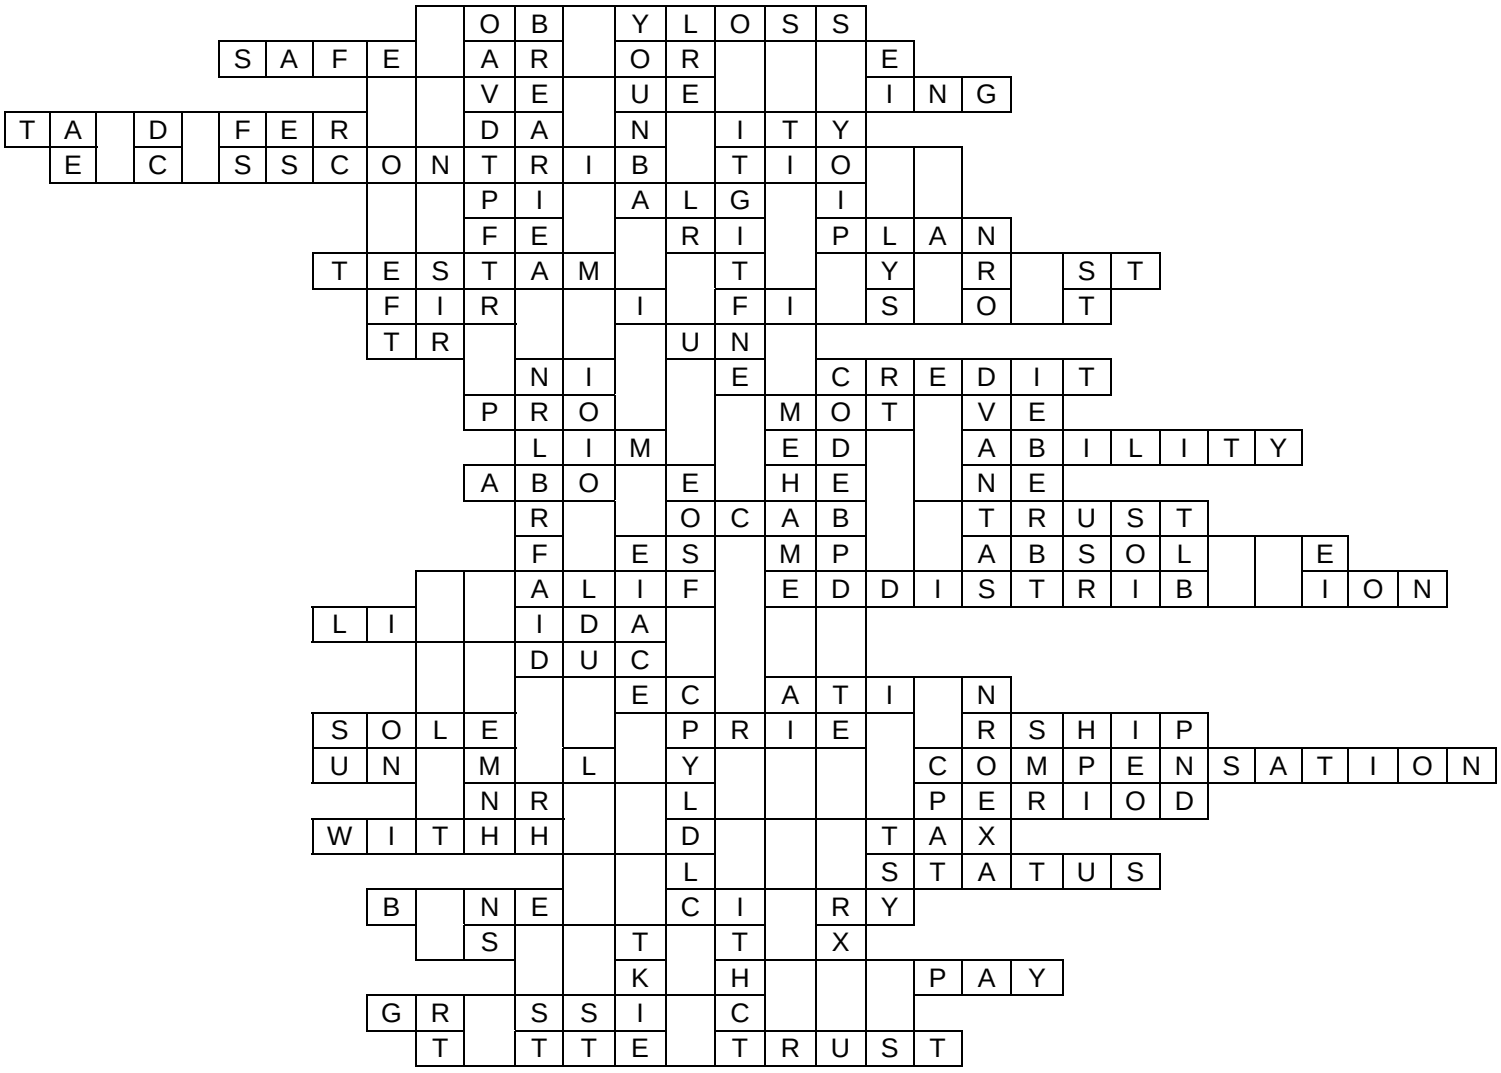
ASL CELEBRATES NATIONAL LIBRARY WEEK 2007
DAY 3: (TAX) LETTER DROP

Thirty tax-related terms can be found in the puzzle below. Because many of them share the same letters, we've taken out the duplicates. Can you figure out what these words are?



Hint: If you're looking for particular tax terms – or their definitions – try a specialized tax dictionary, like *West's Tax Law Dictionary* (the newest one is in Reference at KF6287 .S65) or Barron's *Guide to Tax Terms* (Reference KF6287 .C78).
