

ASL Library Student Survey

The biennial ASL Library Student Survey ran February 19 through March 2, 2018. We received two (2) responses, which is approximately 2% of the student population. Usually, we have a greater number of participants, but this year, many more professors gave midterm exams at the same time we were collecting our data, so this may have impacted the participation rate.

1. When is your anticipated graduation date from ASL?

Class of 2018: 1 out of 28 (4%)
 Class of 2019: 0 out of 32
 Class of 2020: 1 out of 63 (2%)
 Class of 2021: 0 out of 8

We modified this question this year to account for our new Spring Start program. This question accounts for the total number of potential respondents in each class.

11. Please make any comments or suggestions that will help us improve the services, resources, and facilities at the ASL Library. You may attach extra pages, if necessary.

In addition to the two filled-out forms, we received a few small scraps of paper that said "New printer please." We plan to replace our old workhorse printer in the Library Seminar Room over the summer. Returning students will then have to install new printer drivers to use it.

Thanks to the three people who contributed! We'll try to come up with a better date for the 2020 Library Student Survey so that more people will respond.
